Our attention now shifts to New York city, where a woman used to getting things the way she wants is not pleased.

WELL YOU'D BETTER GET BACK INTO THAT COURTROOM AND MAKE IT RIGHT! I WASN'T MARRIED TO THAT MAN FOR 5 MISERABLE YEARS TO JUST WALK AWAY WITH 10 MILLION OF HIS ESTATE!

GET ME MORE ZEROS, DAMN IT!

This is all Spider-man's fault! If the wallcrawler hadn't sent my husband to Riker's island by busting up his gambling racket everything would still be status quo! I'd be by the pool with Raul..

the hubby would be with his mistress he thinks I know nothing about, and we'd BOTH be happier for it!

Take us home, Torrence! I'm in no mood to shop further!

I need to soak in a nice warm tub!

20 minutes later at an Long Island mansion...

Make yourself useful and throw those bags in the guest room Torrence!

I'll be in the bath.

Very good, Madame!

Minutes later...

Ahh, I needed this.

I hate feeling so helpless! If I had the connections... the POWER... to do what I know needs to be done...

Pfft! What I need is a miracle!

What's the old proverb? "Ask...

Whaaaa...?!

...and ye shall receive?

Gh~!

Oh my god! This black stuff... what the **** is it?!

It's moving by itself and it feels like it's clinging to me...

No, no! Get away from there you stupid piece of sludge!

Is it... going inside...?!!!

Ooooohh!

This goo... it's still covering me, getting tighter...!

It's squeezing me all over..!!!! Yesssss!

Oh what the hell.. you stupid black goo! More, give me more!

I hear you now... talking in my head... need a partner, mean me no harm... well then...

... I'm all yours!

Ahhhhhh...
you feel good...
and the power...
such power!
I see clearly now...
you're an alien being,
brought here by
accident...

You were
Spider-mans
costume...and you
sensed my
hatred of him?

Ha.
I could care less!
What matters is
I'm wearing you and
possess your
power now!

You said you
wanna help ...
well since I'm in
charge of you now,
we've got to
make a few ...
modifications...!

First the chest!
This look flatters me
much better then how
you were before!

And now,
the gloves!
Gimme some
talons!

And finally...
the piece
de'resistance!
Let's share a voice!

KAHAHA!!

YES!
WE ARE GLORIOUS!
WE WILL SUCK THE
MARROW FROM
SPIDER-MAN'S
BONES!

Shlurp!
